

## Practice Program 1 a.

Program for Addition of two numbers.

num1 = 78

num2 = 99

sum = num1 + num2

Print ('The sum of {0} and {1} is {2}'.  
format (num1, num2, sum))

Input :- num1 = 78  
num2 = 99

output :- The sum of 78 & 99 is 177

conclusion :- After performing this practice  
I have learnt to Add two numbers.
